

## Aralez Pharmaceuticals Inc.

### Introduction

This case study of Aralez Pharmaceuticals Inc. is based on a January 2018 survey of Agari customers by TechValidate, a 3rd-party research service.

“We were able to identify and block advanced email attacks that SEGs missed by using Agari Enterprise Protect.”

### Challenges

Aralez evaluated and ultimately selected Agari Enterprise Protect to:

- Deploy advanced threat protection for email security
- Protect against business email compromise and executive spoofing attacks
- Protect against spear phishing attacks

### Use Case

The company uses Microsoft Exchange Online Protection as their existing Secure Email Gateway and Microsoft ATP to provide Advanced Threat Protection for their email channel.

Aralez chose Agari Enterprise Protect to shield themselves from:

- Spear phishing
- Business email compromise/executive spoofing
- Ransomware

### Results

The company achieved the following results with Agari Enterprise Protect:

- Prevented advanced email-based attacks that are currently bypassing existing security
- Prevented data breaches initiated via email

The company rated Agari's detection and prevention capabilities as significantly better than the competition in the following areas:

- Advanced email attacks
- Impostor based attacks
